LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Mountain View Telephone Company complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Company operates are outlined in its local exchange tariff, which is approved by the Arkansas Public Service Commission. The tariff contains provisions regarding the Company's customer service and protection practices.

Service quality standards for voice service are established by the Arkansas Public Service Commission. The Company consistently meets or exceeds those standards and provides reports to the Arkansas Public Service Commission, in accordance with the Arkansas Public Service Commission Telecommunication Provider Rules of Practice and Procedure.

With regard to broadband service, the Company provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a "best effort" service and are dependent upon a number of variables, many of which are outside the control of the Company. The Company also complies with the FCC's Open Internet rules, 47 C.F.R. §§8.3-8.11. These rules prohibit blocking, throttling, and paid prioritization, and also require transparency of network management practices, performance, and the commercial terms of broadband services.

The Company complies with any and all consumer protection obligations under state law.

The Company also complies with the following consumer best practices: (1) the Company discloses its rates and terms of service to customers; (2) the Company provides specific disclosures in its advertising; (3) the Company separately identifies carrier charges from taxes on its billing statements; (4) the Company provides ready access to customer service; (5) the Company promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Company abides by policies for protection of consumer privacy.

Finally, the Company has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011).

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2017 reasonable comparability benchmark for voice services is \$49.51, which includes the federal subscriber line charge ("SLC").¹

In all of the exchanges served by Mountain View Telephone Company, the highest single-line residential local rate in effect as of January 1, 2017 was \$17.00. When the Arkansas High Cost Fund (6.0%), Federal SLC (\$6.50), ARC Charge (\$2.50) and Arkansas TeleRelay Service (\$.03) is included, the total rate was \$27.05.

Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$49.51.
